Dear Judge Watson

Sir, I ask you for lenience. I have undergone more than two years ten months of hardship in this County Jail without sunlight and fresh air. I would like to propose an idea that is completely Just and Fair.

I should be Deported. Even though I don't want to leave my Country and my family, but I truly Believe I don't deserve Prison at all. Judge Watson there has been no harm by the grace of the Lord and I have been fully Cooperative so if the concern is Risk assesment then Deportation would set everyone's hearts at ease. Your honor I don't deserve prison ~~even~~ for a day I have fully cooperated and ask for lenience, I hope you make the right decision.

Sincerely Abdirahm Mohamed

Dear Judge Watson

Sir, I would like to put in a Motion of removing Sam Shemansky as my attorney. I fired him last week and he did not yet give me the termination papers for me to sign off. Respectfully I no longer want him as my Counsel, he and I are not communicating well.

Sincerely Abdirahman Sherkh
